Thunderstorms!

by Lisa Arvaniti, aged 12

Do you like thunderstorms? Some people hate them. They think they're frightening. Other people like them. They think they're exciting. I love them! But I like watching them from inside my house. I don't like being outside in a thunderstorm.

In a thunderstorm, the noise you hear is called 'thunder', and the light you see is called 'lightning'. Thunder is the sound of lightning. But in a storm, you usually see the lightning before you hear the thunder.

Why is this? It's because light goes much faster than sound. So, when you see lightning, start counting seconds. If you hear the thunder three seconds later, this means the storm is about one kilometre away.
